

## Funding - The Edge You've Been Looking For

You know it best: operating a small-to medium-sized business requires capital, proactive planning and the right funding partner. Descomm, a leading merchant services provider, is that ideal partner, providing you with the funds you need to realize your business's potential! With our revolutionary funding program, InAdvance, we address your monetary needs and time constraints in a program you'll only wish you had earlier!

### How It Works-

We provide capital for those who need it by advancing against future credit card receipts. The advance is then repaid by deducting a percentage of the daily credit card sales. With a simple qualification process, you'll be approved for a higher percentage than most banks. And with no interest rate, you're not pressed for cash at the end of the month. To qualify for the InAdvance Funding program, you must:

- Be in the Restaurant, Service or Retail Business
- Submit four months of credit card statements
- Average at least \$2,000 in monthly credit card sales
- Provide six months of bank statements with consistent balances
- Possess acceptable personal and business credit
- Have no open tax liens, judgments or bankruptcies
- Be in good standing with property landlord with at least one year remaining on lease

### The Rewards Start Here

- Advances for qualified companies up to \$150,000
- Quick and high rate of approval
- No financial statements or tax returns
- No collateral required
- No fixed payments – we only get paid when your business gets paid
- Funding in as little as five business days.
- Approvals in as little as 24 hours
- No costly applications or complicated paperwork or closing costs
- No interest rate
- Build business credit

**Get with It!  
Get Wireless.**

As a leading merchant services provider for small-to medium-sized businesses, Descomm specializes in providing innovative solutions for our clients. We know that getting the right tools involves an investment on your part, so we'll work with you to choose products with a longer-shelf life and compatible software- no switch tactics here!

#### **Contactless Card Reader.**

OTI's Saturn 5000 supports major financial contactless program, such as MasterCard's PayPass™, ExpressPay from American Express and Visa Contactless programs, and reads data from a variety of sourcing, including credit cards and key fobs. Saturn 5000 uses patented antenna technology to provide a more reliable and stable communication and added levels of security and encryption. Designed to occupy minimum shelf space, Saturn 5000 can be placed on counter, drive thru, box office window and more! This quick upgrade works easily with your existing infrastructure, without disrupting business operations.

#### **MTT 1500 – Mobile Transaction Terminal**

This mobile transaction terminal combines low-cost mobile phone technologies with the capabilities of a Point-of-Sale terminal and is priced considerably lower than a traditional

Mobile POS terminal. The MTT product integrates the security and functionality of POS/ATM terminals with the convenience of the mobile phone to create a device that accepts payments and provides mobile communications almost anywhere, at any time. With the built-in magnetic stripe and smart card readers plus an external infrared printer, WAY Systems' Mobile Merchant System provides a secure, encrypted, end-to-end mobile platform for payment processing.

Wireless terminal options travel anywhere and there's no need to depend on the availability of phone lines and electricity

## Jump-Start Your Growth

As a small business, you know that when you make an investment it needs to count for something! If it doesn't provide time-savings or contribute to your profitability, it's probably not the best fit.

As a merchant services and funding provider, Descomm understands this need. We won't sell you for the sake of another sale. Instead, we'll work to find the right combination of products and service packages that will be worth every penny of your investment. That's why we've developed Fuel, a program designed to add value, convenience and drive future sales beyond the initial equipment purchase!

### Fuel for Thought

With a new purchase or service, you'll receive a **FREE six month subscription** to Fuel. Here's what you'll get:

#### ▶ Instant access to batch reports online

Experience the ease of online batch reports, giving you pertinent information at your fingertips! You'll be able to reconcile the reports against your bank accounts and investigate charge-backs with a single resource!

#### ▶ Ability to view monthly statements online

Keep track of how much money you have, at all times! With monthly statements online, you'll have one more method for keeping accurate records.

#### ▶ Custom Implementation Plan for future growth

Before you buy, your Descomm sales representative will evaluate your current procedures and buying patterns to suggest the best combination of products/services to drive future growth.

#### ▶ Comprehensive Bi-Annual Optimization Report

Twice a year, your sales representative will meet with you to review your progress and equipment usage, with the goal to improve your processes and drive more profit!

#### ▶ Free phone support to local quality control center

Descomm is your local service provider, available to answer your questions and provide support when you need it. You won't experience the typical on-hold treatment or transfer shuffle. Your call will be answered by professionals eager to assist you.

#### ▶ Free Newsletter

Get timely insight about useful tips, information on new technology, fraud alerts and more with our quarterly newsletter.

#### ▶ Free custom website design to promote your business online

Every company needs online presence for credibility and promotions. With Fuel, you'll receive a custom-designed website to promote your company benefits and information! (Does not include monthly hosting fee.)

**Give the Gift  
That Keeps  
on....Earning!**

Give your customers the gift of convenience and give your business increased traffic, customer loyalty and cash back!

Descomm Gift Cards program, opens new doors for your business. Replacing paper gift certificates and punch cards, gift cards can be activated at the Point-of-Sale terminal in all your locations. It makes accounting and returns easy and keeps your customers coming back.

And something you may not know: **15% of gift card values are never redeemed – this is cash that goes into your register up front and is never spent!** Another win-win, approximately 64% of cardholders spend MORE than the value of the card.

**Merchant Benefits:**

- Real-time transactions
- Balance remains on card (no cash back)
- Builds customer loyalty
- Store credit can be placed on a gift card
- Increased traffic
- Accounting is done electronically, not by hand
- Can be standardized for all your locations
- Powered by IMATTS, a website where reports can be generated and transactions can be tracked as they happen

**Your Customer Benefits:**

- Easier than carrying cash
- Earn loyalty points or discounts
- Each transaction provides a clear accounting of where a customer's money was spent
- The card is reloadable
